

Dr Satya Garikipati

Consultant Clinical Oncologist - Weston Park Hospital, Sheffield
Teaching hospitals NHS Trust

Dr Satya Garikipati completed her specialist training in clinical oncology at Weston Park Cancer Centre in November 2017. She joined Weston Park Cancer Centre as a consultant clinical oncologist specialising in head and neck cancers in January 2018.

Satya is a Consultant Clinical Oncologist with a substantial commitment to managing people with head and neck cancers. She is research active being chief investigator, principal investigator and co-investigator for several national and international clinical trials in head and neck cancer. She is also also a YCR/University of Sheffield Research Fellow with commitment to developing research studies locally.

Satya holds the Trust Head and Neck cancer Site Lead role which enables her to work alongside managers to co-ordinate and streamline service development projects and oversee the H&N cancer management pathways in Sheffield Teaching Hospitals, NHS Trust. As a current RCR Clinical Oncology Audit and QI committee member, she assists the Royal College with National Audits and QI projects in Oncology. Recently she has been appointed to the role of NIHR Yorkshire and Humber subspeciality Lead for H&N cancer.

Satya has a special interest in Salivary Gland cancers, especially Adenoid cystic cancers and salivary duct adenocarcinomas. As patient's oncologist, she is determined to help this group of patients where treatments are limited. Due to the rarity of these cancers, gathering nationwide baseline data and working collaboratively is key to success.
